UNDERSTANDING THE SLIP PROGRAM

The St. Louis Internship Program (SLIP) serves youth who are rising juniors and seniors in high school, students who are seeking challenging opportunities in private sector businesses, public agencies, or nonprofit organizations. SLIP empowers young people to take critical steps toward meaningful careers.

Each year, SLIP develops and places talented youth in summer paid internships with employers ranging from Fortune 500 companies to small local businesses. Opportunities are available in a wide variety of sectors from healthcare and financial services to law and education.

The benefits of employing SLIP students are myriad. SLIP interns will:

- Bring fresh ideas, energy, and creativity to your workplace
- Increase diversity in your company and industry
- Deliver extra help for office projects at minimal cost
- Provide opportunities for employee growth through the experience of supervising interns
- Offer the satisfaction of transforming a young life and giving back to our community

SLIP interns are eager to contribute to the workplace by completing authentic tasks. Interns do real work, ranging from clerical tasks to research, events support, inventory control, tutoring, and much more. Interns complete work readiness training that teaches workplace communication, problem solving, professional conduct, networking, resume writing, interviewing, and other key skills.

SLIP also provides additional academic and career enrichment for interns, including industry-specific events, career readiness resources, financial literacy training, scholarships and more.

If you’d like to learn more about SLIP’s programs or consider employing one of our bright youth, contact us today at (314) 371-7547 or check out our website at stlouisinternship.org.
